Hi,

Not sure if you two had a chance to connect while I was out, but if not would love to schedule a call or meeting tomorrow or any other day this week to touch base on these items.

I have a call in with City Attorney's Ed Young in the next 24 hrs as well.

Thanks.

Hi Miranda, I hope all is well well. I spoke with the State Parks rep and he is happy to provide us with a letter stating whatever it is we need to support the BID. He is a big proponent of it.

Can you please give me something in writing that I can send him that says exactly what we want them to provide?

Thank you!

Cc: Rick Scott <Rick.Scott@lacity.org>

My e-files are organized to the hilt, but I keep as little paper as possible and my filing of what I have isn't great. I did locate the agreement, but it's a 1/2-inch thick document and I don't have a high-volume scanner, so it would take me the better part of an hour to scan it a page at a time and reassemble it into one PDF. May I drop it off to you and entrust you with my copy? I should be able to drop it off on either Thursday or Friday and will ask staff to leave it on your chair if you're not in.

The state contact I met with is Craig Sap. He was our contact effective Jan 2015 (when we met to discuss). CD11 facilitated (Debbie Dyner-Harris.)

craig.sap@parks.ca.gov

Also, I am attaching a map that was given to me by Norman Kulla (former? senior counsel to Mike Bonin.) I don't see Norman on the current staff roster, so he may have moved on. The attached map shows City, state and County ownership along OFW. It was given to him by Randy Price at BOE Mapping & Land Records Division. Looks like it was prepared in late 2014, probably to help CD11 with some issues related to ownership. It looks very accurate to me, although I have not double-checked it against the database. The two things that stood out to me are potentially confusing when I looked at it are: 1) the easternmost County parcel shown is not within the BID, and 2) the other County parcel is actually Metro. Otherwise, I think it's self-explanatory and might be helpful.

Thank you for following up on this!

Hi Laura.

I spoke to Karen Kalfayan and mentioned that we still needed the Venice funds in the UB. I hope that the UB has taken Venice into account. The BID Analyst OK'd the consultant to go out to petition a few Friday's ago. However, we haven't heard from the consultant. The matter needs to be completely approved by Council before 7/15/16 in order to make the property tax rolls.

Thank you.

Wed, Feb 24, 2016 at 10:32 AM

To: Laura McLennan <laura.mclennan@lacity.org>

Good Morning Laura.

This BID opted to hire their own consultant. They did not go through the RFP process. Yesterday, we received an email from Tara indicating that she got the BID proponents to agree with a 1/1/17 start date.

Yes, please keep the money in the UB for the next fiscal year. Based on the 3rd draft of the Management District Plan (1/19/16), the amount needed is **\$445,361**. We don't have a final draft yet. Tara indicated that we should get the next draft within 2 days. The amount may change.

Thank you.

BID question

6 messages

Laura McLennan <laura.mclennan@lacity.org>
To: Miranda Paster <miranda.paster@lacity.org>

Tue, Dec 15, 2015 at 10:47 AM

Hi Miranda,

Pls see attached letter to my boss about the Pacific Palisades BID.

It mentions that we used to give \$40,000 from the BID trust fund to all BIDs being formed....
I think that is correct.
Seems to ring a bell.

When did that stop?

And, can you check for me if CD11 has ever given it's discretionary money to a CD11 BID being formed?

I want to say that we did for Westchester.... can you verify for me?

Thanks!

Bcc: "Hinkson, Rosemary" <rosemary.hinkson@lacity.org>

Tue, Dec 15, 2015 at 3:12 PM

Good Morning Laura.

We establish an \$80,000 RFP/contract with \$40,000 from the BID Trust Fund, as funds are made available, when the BID proponents go through the City process according to the BID Policy and contracting standards. This process includes the following: the Council introduces a Motion requesting the City Clerk to provide \$40,000 and accept \$40,000 from the BID proponents. The the City Clerk releases a RFP for \$80,000 (pursuant to competitive bidding) to the list of responsible contractors; the BID proponents w/ the City Clerk interview all of the responding responsible bidders and select a contractor; the City Clerk executes a contract with the selected contractor; as each task is completed, the City Clerk pays 85% of the amt of the corresponding task until the contract is completed; then the contractor is paid completely.

Unfortunately, the proponents for Pacific Palisades opted not to comply or participate in this process - the City's contracting process and BID Policy. They opted to select and pay for its own contractor in the amount of \$21,000 and paid their Engineer \$4,000 (per Steve Gibson of Urban Place Consulting). If I recall, the BID proponents chose this option due to time concerns.

We do not provide funds to BIDs or BID proponents, other than assessment funds collected on a BIDs behalf.

As far as your office providing funds to a BID, I don't recall any. I know that Cclmbr Perry provided \$40,000 for the Central Ave BID (they went through the process). I don't show that CD 11 provided funds for the creation of the Westchester BID (I looked on Council file Management System). Some Cclmbrs will provide funds for the BID for a specific community purpose (farmer's market or sign). CD 12 provided AB 1290 funds funds for a proposed BID on Reseda Blvd.

Thank you.

Last question, when Palisades was forming their BID, was the trust fund operational and they could have gone this route?

When was this process established?

It seems, in reading the letter, that this option was not available to them.

[Quoted text hidden]

Miranda Paster <miranda.paster@lacity.org>

Tue, Dec 15, 2015 at 4:37 PM

To: Laura McLennan <laura.mclennan@lacity.org>

Yes. They could have gone this route. This process has been in place since I started in 2005. I don't know when it started.

I agree that the gentleman's letter seems to indicate that it wasn't available. However, it was. As I mentioned, they opted to go a different route. Just like Venice Beach. The proposed Venice Beach BID proponents opted to not to go through the process and hired Tara Devine. They wanted to speed up the process. I went out to speak on Venice Beach (Bonin was there). Rick Scott went out on Pacific Palisades.

[Quoted text hidden]

Pacific Palisades Business Improvement District
15233 La Cruz Drive
Pacific Palisades, CA 90272

Councilman Mike Bonin via E-mail mike.bonin@lacity.org

Deputy Chief of Staff Laura McLennan via E-mail laura.mclennan@lacity.org

Dear Mike and Laura

As you know, we have been successful in creating a Business Improvement District in Pacific Palisades. Previously, the City used to contribute \$40,000 to each proposed BID to hire a consultant and go through the process to be approved by the property owners. It did not matter if they were successful or not. Since this was not the case at the time we were forming, we were forced to borrow money from property owners, civic organization and business owners in the community. Many people stepped up to the challenge, realizing the long term benefits to our community. With those funds, we were able to hire a consultant and get through the BID process. It took much elbow grease and good will on the part of many. Most are looking for their loans to be returned within the first 2 years of the BID. This formation cost will divert over 20% of our annual budget to pay this back. This is a huge burden and will limit services we can provide during the payback period.

As we stated when we met with Mike earlier this year, we would like to ask for your help in recuperating as much of that money as we can. This will allow for higher visibility of the BID and greater achievements as we move forward. We have spoken to other new BIDs, and they were able to secure money from their Council offices. Keep in mind the BID will help take care of City services that are not being provided to the communities, due to City budget issues. In the long run, our services are cost saving efforts for the City. We strive to make sure that our commercial areas thrive which benefits the City through increased Sales Tax revenues.

We would very much appreciate your help on this. Please consider contributing the \$30,000 to offset our formation cost. Feel free to contact me or Laurie Sale, our Executive Director, so that we this can be expedited. Our BID officially begins in January, 2016.

Thanks for your attention to this matter and Merry Christmas and happy New Year.

All the best,

Elliot S. Zorensky, Chair, Pacific Palisades BID

To: Miranda Paster <miranda.paster@lacity.org>

Hi Miranda, I hope you are doing well. We see that the City Clerk presents her budget shortly, and it is possible that the Councilmember may not be there on the day she does. What do you recommend we do behind the scenes on this one? (whether he is there or not, really)

Laura tells me that we they probably won't discuss the UB until Monday, May 4th, but we want to be proactive.

Bcc: "Hinkson, Rosemary" <rosemary.hinkson@lacity.org>

Hi Debbie.

At this point, we are not far enough along to recommend the allocation from the UB. If you recall in our discussions, I indicated that if we had the Management District Plan/Engineer's Report and were in the petition phase, your office should request the allocation. However, we have not received the MDP/ER yet to review. If we receive a plan during the budget hearings that looks good, I will let you know.

I would appreciate continuing support for the BID program staying at City Clerk (for the next fiscal year) and the continuing funding of the BID staff. The budget should recommend support for regularization of our Accounting Clerk and Management Analyst II positions. In addition, we have a legal report that will be considered by the Economic Development Committee - Please support us on these items.

Thank you very much..

Wed, Apr 29, 2015 at 7:42 AM

In my opinion, if it is not brought up, I wouldn't bring it up. It is easily explained by the amount of square footage and number of the City parcels in the proposed district.

Hi Miranda, happy new year. Now that we have moved into the realm of reality with the Venice BID, I'd like to sit down with you for a bit to discuss some of the details the Councilmember has questions about.

Do you have some time next week, on either Tuesday or Friday?

Thanks a lot

Debbie

Hi Mirada, the Venice Beach community has hired Tara Devine and is moving forward. Finally! They'd like to meet with both you and me asap to go over questions (please see below). Do you have time on Wednesday, October 1 to meet? approx. 10am? they'd like to do it in Venice, but I have a feeling if you can't make it we can either conference call you in or maybe they'd want to go downtown. Would Friday the 3rd in the early afternoon work for you if the 1st doesn't?

Thanks,
Debbie

Hi All,

I propose the following, hopefully one or both of these will work and we can set this up.

Tuesday Sept. 30th at 1 pm

Wednesday October 1 at 10:00 am

Please let us know if one or both work. I am glad to host at the Erwin and also willing to meet at CD 11 West LA office on Corinth or Westchester, whatever is most convenient.

Debbie, will you contact Miranda Paster to help coordinate her attendance?

Thanks,

Mark

Subject: Re: Venice Beach BID

Thank you! I am pleased to be selected, and excited to work with a great group of owners.

First, to answer the CM's question...I won't speak for Miranda or what timetable she may have discussed with the group, but we're operating under the assumption that we would start services on 1/1/17, although everyone would love to start sooner if that proves feasible. We are on a healthy timetable (with a decent margin for unforeseeable delays) for that date. To start services on 1/1/16, we should already have submitted our MDP and ER to the City Clerk last month. We are anywhere from 4-8 months away from being able to do that, with 5-6 seeming likely based on my experience. If all goes smoothly (something I wouldn't count on in this particularly complex community!) in theory, we might be able to launch BID services circa midyear - 7/1/16. The City of LA prefers to/traditionally has approved BIDs on a calendar year basis. So a question for the Clerk (and City Attorney) would be if they would support/process a mid-year start IF we are able to accelerate our end as much as possible to try to achieve that. I do think we will need to table this question, however, until after we meet and discuss CD11's ideas about community outreach (property owners and beyond), as well as some other issues we anticipate in forming a Venice BID (see below.)

Our initial meeting today was to discuss "first blush" boundaries and potential Steering Committee membership - not for final decisions, but solely with an eye to determine if/how much more property owner outreach might be needed before forming the Steering Committee. We identified a few gaps we want to close (primarily outreach to additional owners around 3rd Avenue light industrial area, and possible outreach to some owners on Washington.)

One of the take-away assignments from our meeting today is to request a meeting with you ASAP. The meeting would include 2-3 property owners from Venice and myself. We would also request the inclusion of Miranda Paster and any staff she sees fit. We'd love to have the City Attorney staff present, but in recent years they have articulated that the City (Clerk) is their client and they do not wish to provide BIDs or proponent groups with direct advice. We'd like to run past all of you a small laundry list of potential issues (some particularly unique to Venice, and/or known BID issues that are more acute in Venice than other BIDs,) as well as the property owners' initial thoughts on both boundaries and Steering Committee representation.

I have already sent my availability to Mark; he will coordinate my availability with their schedules and send you our collective availability for such a meeting ASAP. I will put together a list of issues/questions that we have and forward those to you and Miranda (and the owners) later this week. This can guide our discussion for the requested meeting, and may allow you to think through some of these issues prior to the meeting. I suspect our meeting will require 60-90 minutes depending on discussion.

Mark/Steve - would you be so kind as to forward this email and my last to Carl, and cc. me so that I have his email address for future reference? Thank you!

Warmest regards,

Hi Tara, I heard that the future BID leadership hired you. Congratulations! I think you have a first meeting today, which I am thrilled about. I can't wait to hear how it goes. The Councilmember was curious if you had a general idea on timing. Specifically, he wants to know how soon this could go to a vote, and what is the earliest they could start spending money. We, like the potential members, are very eager for this to happen. Miranda Paster had seemed confident that if all went quickly and smoothly, they could be able to start spending money by either January 2016 or July 2016. That may have been too soon, but the Councilmember is quite eager.

Thanks a lot,

Debbie

Debbie,

Hope you're well.

As I told Mike today, I believe I have found a very promising consultant candidate to move the BID forward. I discussed the BID at length with Tara Devine yesterday. My next step is to check attached references and perhaps you or your city contacts have worked with Tara as well.

Please see the attached.

Would like to have a conversation with you before the week's over if you're able.

Full speed ahead.

To: Mark Sokol

Subject: Venice Boardwalk BID - requested information

Mark -

It was a pleasure to learn about the growing support to form a BID in your area. I have worked with BIDs from every angle over the past 15 years - as a BID liaison for various elected officials, as a BID director, and as a consultant who forms, renews and provides management consulting services to them. Needless to say, I'm a huge fan of the amazing work they can do if formed thoughtfully and run well.

Attached are some materials from the consultant(s) that may interest you.

2. My availability

Tu 9/2 – 11-3 or after 6

W 9/3 – open all day and evening

Th 9/4 –after 2 PM

F 9/5 –after 12

M 9/8 - open all day and evening

Evening meetings are equally amenable to me if preferable to the group. FYI, I will be in Seattle and Portland for a mix of business and personal travel from 9/9-9/19. I can furnish additional availability beginning on 9/20 upon request.

3. Resume, Bio and References

- attachments 1, 2 & 3

I have selected those references most current and most relevant to the BID consulting work I do, but am happy to provide other references (e.g. City of LA, other non-BID clients, etc.) I have excellent contacts in the City, from elected officials/staff to City departments (including the City Clerk, which provides BID oversight.)

4. Overview of BID Formation/Major Tasks

- attachment 4

This is a general "road map" of the major consulting activities I would perform during BID formation. Every BID formation effort is a bit different, and must be adapted to the specific characteristics of the proposed BID area and the needs of its property owners. Some tasks are a bit fluid and the order is fungible (some can occur concurrently; some are sequential); most steps are either mandated by the approval process or functionally required.

Other notes: As discussed over the phone, I tend to structure my consulting agreements a bit differently than other consultants. In order to give my clients maximum control over the process and the expenditure of funds (and to emphasize that key decisions must be made at the end of Phase I, including an evaluation of consultant performance), I typically execute a master agreement for consulting services that contains all general terms, but then develop two scopes of work – one scope for Phase I (approximately 35% of the work) and, then, if the group decides to continue with formation, we execute a second scope for Phase II (approximately 65% of the work.) I include a 10-day termination provision in my agreements, but will also pause or discontinue work at any time if requested in writing (email is fine.) I carry both general liability and E&O insurance, and hold a City of Los Angeles business license.

Thank you - I look forward to meeting you and your peers.

Warmest regards,

TARA DEVINE

Hi Miranda. I have been looking at the list of what the City pays into the various BIDs out there, and it ranges from a little to a whole heck of a lot. Clearly, if the City participates in the Venice Ocean Front Walk BID this would be one of the biggest participation amounts. The other large ones seemed to be a bit different, whether it is the size and number of participants, or because a proprietary department like the port was involved. given that this will not have the sheer numbers of a Hollywood BID or the participation of a proprietary department, can we be sure that the City Council will support it?

Thanks,
Debbie

Subject: Re: Ocean Front Walk BID

It was my pleasure Debbie. I am a big Mike Bonin supporter and believe that the BID vehicle offers him a great path to progress in CD11. A "Venice Boardwalk BID" is way past due and offers promise for all. I'm happy to help in any way that I can.

Attached is the informal petition form I agreed to draft for Carl and the other stakeholders present. If five (5) proponents copy this form and get 10 business / property owner signatures each, that would be 50 signatures, which would surely impress Miranda Paster and the City of the seriousness of the Venice BID formation effort.

Let me know as I can assist further.

Hi Don. I hope all is well. The Councilmember is hosting several property owners and business owners along Ocean Front Walk in Venice at a meeting this Monday, June 9, to discuss creating a BID. He was wondering if you'd be able to attend, to help answer any questions on the creation and operation of a BID, and providing your insight. We will be joined by Miranda Paster of the City Clerk's office, as well as the founding director and the current president of Central City East's BID.

I am sorry for the late notice, we've been trying to develop our agenda. It will be held this Monday, June 9, at 9:45am in our Westchester community room. I hope you can make it!

Thanks,

Debbie

Hello Carl.

I received them yesterday. Please ensure that you work with the Ccl office on your intentions, motion and funding. I will provide the office with the language for the motion after I learn of your intentions (Ocean front walk funding the full amount, or funding \$40,000 with \$40,000 from BID Program, or \$40,000 from CD 11).

Thank you.

To: miranda.paster@lacity.org

Hi Miranda. I received your name as a good contact to discuss the possible formation of a BID in CD11. I have a group of merchants who are interested in learning more and hopefully getting started on one, but I was wondering if you could advise on what first steps should be. Is there someone in the City who can give a presentation on how it works, or is that generally left for private sector consultants to do? i want to send them down the right path, as I am sure you can understand.

And if you are not the right person, please feel free to send me to someone else.

Thank you very much,
Debbie

Dear All,

The invitation went out to all the registered property owners, and we've received some positive responses. We'd really appreciate it if you could help move this along. Susan Carroll, at Gift Garden Antiques, will send out a reminder invite a week before our November 7th meeting, but, as discussed, a personal invitation, from you, is more powerful.

We're getting some positive response, but we need to do more. Unfortunately, I'll be going out of town from the 18-29th. I'll be checking my email accounts and will have my handy dandy cell phone, so I'll be able to answer any questions you may have.

Susan has some invitations that you can pick up to distribute, or you can print the one attached here, to give to people.

The publications we discussed: Palisades Post, Patch, This Week in the Palisades, Chamber Newsletter, etc. will be announcing our meetings, and that will be a real plus.

Thanks in advance for all your help and support. This is one awesome group of business people!!!!

All best,

Laurie

Good Morning Laura.

The Council Office can be involved. The group will need to hire a consultant - it may ask you for funds. I believe it is best if the Ccl Office knows whats going on and participates. This way as some constituents voice their approval or concerns, the office is aware of the proposal and planned services. The Ccl Office shouldn't dictate which services should be provided or what should be in the proposed BIDs Management District Plan. This should be worked out between the BID proponents and their consultant.

If you want to discuss further, my phone number is 978-1111.

Thanks.

can we help them advertise their meetings?

this would mean us putting out the meeting info/flyer on our website, on our blog, etc.
Is that allowed?

Do you have a list of consultants who have done this work for the City before? We have no money to offer the group but at least we could steer them in the right direction for hiring someone/firm.

thx

Hi Ms. Miller and thanks so much for taking this on.

The Council Office has also been meeting with a working group made of artists, performers, free expressionist and business operators along the Ocean Front Walk. They have also begun to have preliminary discussions along the lines of a special district and/or BID. I'm wondering if I could ask that you reach out to Mr. Stephen Fiske who has been spearheading these meetings? His group is going so far as to develop a template for a intermediary group of folks could possibly act as go-betweens for our LAPD, artists/performers/expressionists and

Recreation & Parks. These are preliminary discussions but based on what you've experienced, I believe we have a wonderful opportunity to possibly form some sort of collaborative.

Anyhow, thanks again and should you choose to reach out to Mr. Fiske, he can be reached at [310-633-1998](tel:310-633-1998). Of course if you have any questions for me, don't hesitate to reach out.

> Thanks for your endorsement Steve. I believe the Councilman is fully supportive and Captain Peters is as well. He actually urged us to pull in the group to the south on Washington Blvd as they have been struggling with the same issues as we have. He specifically suggested we invite the owners of Cabo Cantina.
>
> The sooner we meet the sooner we can put a meaningful vehicle in place to help the city with extra security and maintenance services. The BID may also be able to assist with some of the lighting you have been working on and possibly the cameras and sound system that Captain Peters suggested at our last meeting. We are lucky to have one of the most innovative Captain's on the force. I say let's get him what he wants. If security is one of our main concerns this is the best way to tackle it. Clearly as the fog lifts maintenance will be a huge issue as well.

Hello Norman.

I found this draft email that had not been sent. Did we ever communicate? I apologize for the delay.

Please note that the City Clerk's Office is happy to meet with you to discuss establishing a Business Improvement District. Briefly, there are two types of BIDs, property-based and business or merchant-based districts governed by state law. Please let me know your phone number and I can assign a BID Analyst to speak with you.

Thank you.

Bcc: miranda.paster@lacity.org

Hi Norman,

It was good speaking to you yesterday. If you would like to meet in person (or have us talk with the community with you) please let me know.

As I mentioned before, our Office is in the middle of producing some new informational material for Business Improvement District formation/education. Unfortunately, it is a very large 'middle' and it may be awhile until we have comprehensive new materials available.

Attached are a few items available now that may be of assistance to you.

- 1) A currently updated BIDs 101 pamphlet which holds some common FAQs.
- 2) A currently updated formation timeline for the Property-based BID, which we give to all new and renewing P-BIDs (Property BIDs are the most popular BID and 85% of our currently active districts are Property-based). The attached timeline shows minimal legally required efforts (and approval deadlines) for successful operation by January 1, 2013.
- 3) A map of all active BIDs in the City of LA, circa 2010... [In 2011 we have added two additional districts, 1) Westwood, a Property based district in the commercial village area between UCLA and Wilshire Blvd, and 2) the LA Tourism BID, which covers all hotels with more than 50 rooms within the entire City limits. This brings the current BID count to 40 active districts.]

You may also desire to peruse our website for generic BID information as well as individual contact information and copies of management plans for each active BID. However, I must caution that a lot of the FAQ material on our site is old and may be slightly out of date (hence our efforts of producing new material as initially mentioned). Our BID website is: <http://cityclerk.lacity.org/bids/index.htm>

If you or anyone else in your council district have any specific questions, please call or email me or Rosemary Hinkson, who is copied on this email.

Thanks

-Paul Makowski

What is a BID?

"BID" is an acronym for Business Improvement District.

A business improvement district is a geographically defined area within the City of Los Angeles, in which services, activities, and programs are paid for through a special assessment which is charged to all members within the district in order to equitably distribute the benefits received and the costs incurred to provide the agreed-upon services, activities, and programs.

What do BIDs do?

A Business Improvement District can provide any service that is "above and beyond" the services provided by the City of Los Angeles. Some services provided by LA City BIDs are:

- Private Security Patrols
- Sidewalk cleaning

- Special events
- Marketing

- Maintenance of improvements provided by the Community Redevelopment Agency

A quick Guide to Business Improvement Districts:

BIDS 101

Developed and provided by:

The City of Los Angeles
Office of the City Clerk
Administrative Services Division
Special Assessment Section

200 N Spring Street, Room 224
Los Angeles, CA 90012

How do BIDs form?

By law, it is a multiple step process. But both Business-based and Property-based BIDs are formed through City Council by adoption of an Ordinance. Both BID formations require a public hearing and all stakeholders are notified by mail. Their formation is based on the majority

Where else are there BIDs?

BIDs exist all over the United States. Every major City in America has BIDs. San Francisco, San Diego, and New York City all have multiple BIDs. But BIDs exist in small cities too.

Where are BIDs located within Los Angeles?

Los Angeles has 40 operating BIDs and a few more in forming stages. BIDs are currently in major commercial areas of Downtown, Hollywood, the Westside, the Harbor, and the San Fernando Valley.

Can residential areas have BIDs?

Under current law, BIDs are for commercial areas only. Only mixed-use areas (like condo buildings near commercial areas) might have residential properties in a BID.

Who pays for these services?

Either the Business Owner or the Property Owner, depending on how the District is created.

Can't these services be done without forming a BID?

YES! Organizations can do most of these services through volunteers or by collecting volunteer contributions to provide services without forming a BID..... BUT a BID makes your District official, more stable for applying to grant funding, and creates a fair and equal method of collecting financial support from everyone in the area. In a BID, everyone pays and everyone has a fair share in the organization. It takes an entire community to build a BID.

What is a typical assessment?

By law, the amount of each assessment is equal to the services being provided. The more services, or more frequent they are provided, the higher the assessment.

How are assessments Paid?

Assessments on property are paid through the annual Property Tax Bill mailed by the LA County Assessors Office. Assessments on business Owners are billed by the Office of the City Clerk

Isn't the City responsible for doing these services?

Legally, BIDs cannot replace city services.

The City removes graffiti. Why should I pay a BID to do more?

The City of Los Angeles has limited funding to provide certain services. Services, like graffiti removal, are provided to the entire city as funding is available; And, there isn't enough graffiti funding to cover all the graffiti in Los Angeles. BIDs can choose to provide a graffiti service to clean up what the City can't clean.

I'm in Encino and don't want to pay to clean Downtown.

You won't. By law, the money collected by a BID can only be spent within the BID.

Who controls these BIDs?

Each BID is controlled by the stakeholders of each BID. A Board is formed to run the BID and is operated through a contract with the City.

Does the City monitor BIDs?

The Office of the City Clerk holds a contract with every BID and monitors their operations. Through reporting and regular audits, they ensure that each is operating correctly.

BID FORMATION (or RENEWAL) TIMELINE

For Property BID expiring on December 31, 2012 or new PBID beginning operation by January 1, 2013

Start to finish; Begin BID operation on January 1, 2013
